Annual General Meeting

With our A.G.M in mind on March 27th it is perhaps prudent to consider this coming event. In particular the election of officers who will be representing the club on the new committee.

As things stand at present our Vice President will automatically become President (Nikki Luisetti) and our President will become Immediate Past President. Maree Felstead has been nominated as Vice President. Pauline Miller, due to pressure of work has indicated her intention to resign and Jenny Hassall has been nominated as Treasurer. So Steve Noad will step down to a committee member and will be back-up to Jenny as Treasurer. Steve will continue to head the Building Committee and look after ongoing maintenance.

Election for office at the A.G.M. is the sign of a healthy club.

Nomination forms are available and can be posted on the notice board. The club would welcome any nominations from its members.

New Computer and Software

The club has invested in a new computer and upgraded its software to SCORER 13. This new software package covers a multitude of administration tasks such as membership management, session scoring and tournament scoring and is compatible with "electronic bidding pads". Once our administration staff have mastered the new software package then the club will look at purchasing electronic bidding pads probably later in the year.

Membership

Throughout the year our membership has grown however, recently we have had advice from one or two long standing members that they wish to resign from the club. These people include Alan and June Wright, Vera Thompson and Ernie Gilman. All the above have been lively club members who have enjoyed playing at Rangiora over a very long period of time. Alan and June intend to continue playing at the Waimakariri Club and I'm sure all club members join me in wishing Vera and Ernie a happy retirement from their bridge playing days.

Just For Fun

We had a partnership misunderstanding.
My partner assumed I knew what I was doing!
